**From Alfred Publishing : Debussy -- Preludes, Bk 1 (Alfred Masterwork Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Debussy -- Preludes, Bk 1 (Alfred Masterwork Edition):

Excellent book for students By Audrey Willis I bought this book to play "La Catedral englutie," and this book does not disappoint. The setting is clear, clean, and easy to read. Helpful fingerings and pedal markings. Complete with a dictionary/translation of Debussy's own stylistic markings. Superb! 2 of 2 people found the following review helpful. Very helpful, very detailed By Artes I will just add this to reinforce what the other reviewer has said. If you're looking for an edition of the Preludes, this is it. I've used it mainly for "La Fille aux Cheveux de Lin". Good fingerings, helpful pedalings, clearly printed, and all around very nicely produced.

This significant compilation of 12 Preludes represents Debussy's mature writing style and is filled with a great diversity of compositional styles. The music expresses a vast repertoire of emotions, colors and moods. Helpful English translations of French terms as well as Debussy's performance suggestions are included as well as Dr. Hinson's suggestions for performance and an analysis of each prelude.
