Sheldon Drobny : Defying the Distortion: How We Created Air America, the New Radio Revolution before purchasing it in order to gage whether or not it would be worth my time, and all praised Defying the Distortion: How

We Created Air America, the New Radio Revolution:

A seminal, vigorous book from the proud lefty businessman who changed the world. Shelly Drobny explains his struggle and eventual triumph in founding Air America Radio, the US's new progressive radio network broadcasting in 70 cities. His inspiration for Air America was the media's selective ignorance of certain major stories of the 20th Century: the Bush-Nazi connection, the ascension of Harry Truman and the Cold War, and the influence of the military/defense/intelligence establishment on the American media. Includes fifty new pages of material too hot for the earlier edition, *Road to America* (Select Books, 2004).

About the Author: Sheldon Drobny, the son of a Polish Jewish immigrant Socialist Worker, is Chairman of Paradigm Group II, LLC, a Chicago-based investment firm. With his wife Anita, he is co-founder of the Air America Radio network. They also founded The Fourth Estate Society and are benefactors of the U. of Illinois Interdisciplinary Program for the Study of Jewish Culture and Society.
