Dell Magazines : Dell Sudoku Super Challenger-2 Pack before purchasing it in order to gage whether or not it would be worth my time, and all praised Dell Sudoku Super Challenger-2 Pack:

0 of 0 people found the following review helpful. The only Sudoku puzzles I doBy fxmomI'm not interested in a puzzle if I can complete it in one setting. So these are the only Sudoku puzzles I do. The size (16X16) challenge level set these puzzles apart.0 of 0 people found the following review helpful. I'm addictedBy T. M. GandI'm a logic and Sudoku puzzle addict. If you love Sudoku but aren't getting the challenge you'd like anymore, try these out! Mind blowing difficulty! 16x16 grids with additional diagonals to complete. Amazing fun but super hard!0 of 0 people found the following review helpful. Dell Super Challenger -2 PackBy J. MaupinI am very pleased with this purchase. I have been looking in the stores that carry the Dell Sudoku (Dollar General Store) but could only find the easy, medium, hard ones with only a few of the 16x16 puzzles that I like. I especially like the 16x16 with a diagonal X.This is an entire book (some are letters instead of numbers) and the books are 8 1/2 by 11 or larger with large squares and plenty of room to add notes.

Direct from the Publisher. Pit your wits against some of the most difficult Sudoku puzzles ever created! In this series you'll find over 50 puzzles in each book featuring 16 x 16 grids, most to be filled with numbers, and some with letters. See if you are up to the challenge and Order Yours Today! (Magazines are back issues shipped together in one package. Multiple value-pack orders may contain duplicate magazines.) To assist with delivery to institutions be sure

the recipient ID follows the last name and check institution policy on number of books allowed in a shipment.
