Makes for a More Enjoyable ExperienceBy Joshua VillinesDeus Ex is a complex game. In fact, I didn't realize just how complex it was until I started reading this strategy guide and saw how many subtle options I had missed. Unlike many of the Prima guides which tend to be a little anemic in the "actually useful information" department; I found this guide to be absolutely PACKED with helpful tips and clues. Deus Ex is almost a different experience with this by my side.I highly recommend this book for anyone who wants to get the most out of the game but who (sadly) cannot play it through two or three times to accomplish that goal.6 of 7 people found the following review helpful. GreatBy Nick LewisI never buy strategy guides for games because I usually feel little need for them but when it comes to a game so complex and with so many options I felt I was going to need it for Deus Ex, This book was great considering i dont like to play through games over and over to find all options and secrets but

sometimes I lost the satisfaction of figuring things out my own way (considering this game is all about your own decisions and playstyle) when I would wonder hmm i wonder how the book says to do this but all in all i wouldnt wanted to have played without it
