It arrived looking almost brand new; I expected "very good" but one never really knows. Thanks!!!The book itself is priceless, you have to buy it alone unless you buy the Battle Chest.0 of 0 people found the following review helpful. This guide will be of use to those who only want a very general overview of the new Druid and Assassin character classes.... HOWEVER, the rest of the book is hopelessly outdated, seeing as it was written for the 1.07 version of D2 and the game is currently in its 1.09d patch...with promises of another ( 1.10 version ) patch sometime in June/July of 2002. This guide went in the trash when Blizzard released their 1.08 patch a mere three weeks into LoD's public release. Since then everything has changed vastly. Character skills have been altered so the tables are totally wrong. Sets and Uniques....well just about

all of them have been changed, some beyond recognition. For example the unique round shield originally a + skills necro item is now a sorcess skills item with total different mod's. As for the unique Archon staff ( an elite weapon), well it no longer exists; instead it's name has been assigned to the unique Giant Thresher, which has totally different mod's and is used by a totally diffent kind of character! Most of the Runewords and Crafted items spells ( advertized as new for LoD ) have either been blocked or changed... about 90% of them weren't even in the guide to begin with! Just about everything is changed so completely that this guide would have to be TOTALLY rewritten ( perferably by someone who has actually played the game, not just read the fact sheets Blizzard passed down to them ). Even nearly a year later I see this guide in various stores and have to warn off people who want to get it... Don't get me wrong, LoD is a great game to try ( I play about 20-25 hrs per week on Realms ), but this guide is very outdated. Hopefully, someone will wake up at Brady and rewrite this book so it reflects the true picture of what D2LoD is now like on the Realms. Well, off to kill Diablo and his brothers... \*evil chuckle\* ...bye...
