From RICORDI : Dialogues of the Carmelites Libretto English before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dialogues of the Carmelites Libretto English:

4 of 5 people found the following review helpful. Eloquent translation of a greater work By monsieurw1 This is an English translation of an opera libretto which, in its original French, sets a high standard for literary quality in operatic librettos. While it is worth reading even aside from Poulenc's lovely music, which is rare for such librettos, readers are

well-advised to seek out the original French if possible. While Joseph Machlis writes in an idiomatic and eloquent English, he takes a few unfortunate liberties with phrases which would have been better rendered more directly.

(Opera). English Only. Translated by Machlis.
