Die Fledermaus LibrettoBy Kim MittelstadtWell, it was what it said, a libretto, but I was disappointed that it wasn't the music and with the English translation.1 of 4 people found the following review helpful. This isn't a libretto!By John C RuhnkaFledermaus is a German opera, and a libretto is an English translation of the vocal parts so you can follow along when listening to a CD or record. This is just English lyrics - no reference at all to the German text, and hence is totally useless for anything I can think of. needs to fix the product description.

(Opera). English Only.
