Hollywood 360 : Dimension X, Vol. 2 (Hollywood 360 - Classic Radio Collection) (Classic Radio Collection - Dimension X) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dimension X, Vol. 2 (Hollywood 360 - Classic Radio Collection) (Classic Radio Collection - Dimension X):

Dimension X made its mark by adapting short stories by acknowledged masters in the field, including Isaac Asimov, Clifford Simak, and William Tenn. Scriptwriters Ernest Kinoy and George Lefferts adapted the original stories and contributed their own. With the start of each broadcast, listeners knew they were about to be transported to somewhere completely different-- maybe even a distant planet. Radio was a fertile medium for science fiction since it was easy to visit other planets, interact with aliens, or fly in a rocket ship by using one's imagination. Here are twelve out-of-this world episodes.
