Mario De Govia, Don Tica : Dino Crisis (Prima's Official Strategy Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dino Crisis (Prima's Official Strategy Guide):

0 of 0 people found the following review helpful. Great guide to a even greater game. By Baxton Excellent guide. I've beaten Dino Crisis on numerous occasions as it's one of my favorite games. I wanted the guide for collection purposes, but mainly because of the mixing table that this guide contains. Despite several completions of the game, the mixing of aid items in Dino Crisis has always been a mystery to me. It's not well explained in game, and it's quite a bit more complicated than what it appears. After reading this guide, I learned so many things I didn't know in regards to mixing items. Things you wouldn't know without a tremendous amount of trial and error to discover the formula to the system. I wasn't even successful at finding an online explanation or chart for it anywhere. All in all, Prima's guide for Dino Crisis is extremely detailed, well written, and helpful for anyone still wanting to tackle this game. And from what

I've read, it's superior to competitor guides in every way. Especially for the mixing chart. It's also a nice collector piece for anyone a fan of this amazing game. 1 of 1 people found the following review helpful. A good guide. By Michael Bertolini This book told me the information that I needed to know to be successful at the DinoCrisis game, and told me what options I had to look forward too without telling me what options I needed to take. Anyone who likes to use strategy guides, especially for old games, would love this book. 0 of 0 people found the following review helpful. Exactly what was needed. Sorry for the long delay ... By Gigi Exactly what was needed. Sorry for the long delay in responding.
