Graphics are great and it's not too difficult to get the moves down yet it's challenging enough to make you play for hours without getting frustrated. 0 of 0 people found the following review helpful. Great tool By Nancy E. Anderson As a person born before the digital age and not all that familiar with electronic games, I found this book to be quite useful. It got me over many hurdles. My housemate and I spent hours helping each other play the game using the book as a guide through the difficult bits! 0 of 0 people found the following review helpful. Guide definitely helpful for the game... By Stephanie TI bought this for my son, but my daughter loved it too! Great story line and graphics! This book really

helps with the game. It can be a bit dark, so maybe not for overly sensitive or easily scared kids.
