The artwork looks like it was taken off of the internet at low resolution. The formatting of the book is awful. It looks like the 1 grader learn to read books. I was highly disappointed

and am returning the books.**DO NOT WASTE YOUR MONEY!!!!!!**4 of 4 people found the following review helpful. Not what I expected

I bought this book along with the game thinking I might need a little help navigating my little girl through the semi free play world that infinity promised to be. I expected something like an official prima guide; maps, secrets, and walkthroughs. The information, if you could call it that, is below basic and could have been written without ever having played the game. The 24 pages of large font, large spacing could have easily have been condensed to 1 page had it been written normally and not 1/4 of it being pictures of characters. Save your money. Don't buy!
