Four Stars By Mom-2-little-girls BY "beginner" they mean someone who has been playing for a minimum of 2 years. 3 of 3 people found the following review helpful. Good book, but not for a beginner. By Sherry Shasteen Good book! Not for a beginner, but my daughter is able to play some of the pieces.

She gets very excited when she can recognize what she is playing. I even play the song on YouTube so that she is familiar with the tune. Good book, but my daughter isn't to that level yet. She keeps working at it, and loves the book. Book is well made. 0 of 0 people found the following review helpful. NOT for beginners By Marnie Great book, but agree with other reviewers, this is NOT for beginners. My 6 YO who has been in piano lessons for 2 years cannot play most of these songs, but I am able to play some though it has been many years since I've taken lessons. I would call this more of an intermediate level. That being said, songs are nice and my daughter like to hear me play them.

(Easy Piano Songbook). The second edition of this bestseller has been updated to include Disney's latest blockbusters, such as High School Musical , Enchanted , Pirates of the Caribbean , and more! Includes: Be Our Guest * Beauty and the Beast * Can You Feel the Love Tonight * Colors of the Wind * Friend like Me * Hakuna Matata * The Incredits * Kiss the Girl * That's How You Know * Under the Sea * We're All in This Together * You Are the Music in Me * and more!
