It even has two versions of each recording! One with a piano accomp. to help you with keeping in time and coming in correctly, and another with just the orchestra if you don't need it. I would recommend this for any flute player who loves Disney! 1 of 1 people found the following review helpful. Good motivation By Amanda R. I got this for one of my middle school flute students and she loves it. The

accompaniment CD is high quality, not canned MIDI music like some accompaniment CDs. It was challenging enough that she didn't get bored working on it but not so hard that it was inaccessible. Great for young musicians who like to show off for family and friends. I would definitely recommend this book and CD set. 0 of 0 people found the following review helpful. Great book  
By Naomi Gardner  
My daughter is a beginner so some of the songs are a bit difficult. There are songs she can play but often has to ask me the fingerings. She hasn't tried it with the CD, which would be more difficult. The music has helped her grow as a player.
