By jaymay
I bought this book after a 5-year gap in playing and was pleased to discover the difficulty level was perfect for my stage. It's not very hard, and the range only really goes up to a high G. The song selection is fun. I really enjoy playing this book. The only misconception I had about this product is that I thought it came with an accompaniment CD. It actually doesn't. It comes with a code that you type into a website to hear the audio. I was also a little disappointed to find out that the demonstration tracks do not use a trumpet for the solo. Uses bell/chime/vibes to do the solo. Was difficult to differentiate from the orchestra at times.

reviewers
so fun and easy for a beginner. the more experienced will find ways to "spice" up the music. Nonetheless, it has the Disney movie sound and it is not some "cheesy" recording. my little children love it when i play along to the music and they sing

By Mom of Four
This is a nice combination of songs, but fairly challenging. I purchased one for each of my children, but they cannot do much with this music until they have a few years of playing under their belt. This is not for beginners.

(Instrumental Play-Along). 12 Disney favorites with online recordings that let you play along with a full symphony orchestra! Titles include: Be Our Guest * Can You Feel the Love Tonight * Colors of the Wind * Friend like Me * Let's Get Together * Under the Sea * You've Got a Friend in Me * Zero to Hero * and more. Audio can be downloaded or streamed according to personal preference, and it includes playback practice tools that let you change the tempo without changing pitch and loop parts that might need extra practice help.

About the Author
