0 of 0 people found the following review helpful. Brilliantly read, decent story By Craig A short, 3 disc, retelling of the episode of the classic Doctor Who series. It is brilliantly performed by Jon Culshaw, who gives an uncanny impression of the Third Doctor. Definitely worth getting.

An unabridged reading of this classic novelization, based on a BBC TV adventure featuring the Third Doctor. A mysterious power loss strands the TARDIS on Exxilon, a sinister fog-shrouded alien planet. The Doctor meets the survivors of a beleaguered expedition from Earth, while Sarah finds a mysterious super-city and becomes a captive of the savage Exxilons. Worst of all, the Doctor's greatest enemies, the Daleks, arrive on a secret mission of their own. The Doctor and Sarah must risk their lives time and again in a desperate attempt to foil the Daleks and save millions of humans from a horrific plague. Duration: 2 hours 30 minutes approx.
