**Steve Tribe : Doctor Who: The Essential Companion** before purchasing it in order to gage whether or not it would be worth my time, and all praised Doctor Who: The Essential Companion:

1 of 1 people found the following review helpful. Great for fans of the Eleventh Doctor and Amy PondBy Michelle HarvathLoved this! Nice mix of an overview of the storylines with audio clips from the show. We listened to it in the car on the way to a convention, and it made the trip go by much more quickly. I would highly recommend it to fans of the Eleventh Doctor and Amy Pond.1 of 1 people found the following review helpful. The Matt Smith's first season on a cd!By cad-kidThis is more than an audio book or a series of clips from the show. It really stands on it's own as it tells the story of Matt's first season but changes up the order some details are told - that works for me. I enjoy listening to it in the car - very enjoyable.

A thrilling audio guide to the 2010 series of Doctor Who, starring Matt Smith as the 11th Doctor and Karen Gillan as his companion Amy. Ideal for family car journeys, personal MP3 players, or just for use at home, The Essential Companion will remind fans of some of the most exciting, funny, dramatic and revealing moments from the series.

"Alex Price's narration... boldly builds up but never becomes intrusive to the soundtrack and action... Containing some nice moments of comedy it stops this release from just being a straight forward compendium of the season's greatest scenes. It also allows Murray Gold's score to be heard and appreciated more fully" [www.kasterborous.com](http://www.kasterborous.com) "Alex Price... offers a warm and engaging link that knits the audiobook together quite seamlessly... Even if you own the complete series 5 on DVD, this acts as a great accompaniment - and one that enables the listener to experience those 13 episodes in a brand new, and exciting way" <http://news.drwho-online.co.uk> About the Author Steve Tribe is the author of Sherlock: Chronicles, Doctor Who: The TARDIS Handbook, Doctor Who: Companions and Allies and Doctor Who: The Time Traveller's Almanac and, with James Goss, of The Doctor: His Lives and Times, Doctor Who: A History of the Universe in 100 Objects and Doctor Who: The Dalek Handbook. He has compiled three University Challenge quiz books and edited more than 500 books, short stories and audio dramas.
