I enjoyed the diversity of themes in this book, as well as the way he chose to organize them. No earth shattering knowledge, but some fun trivia. A good, light read to dip into and out of.

The only reason I haven't given this book five stars is it's a bit dated. Not the author's fault.

This is just a fun read, that's all there is to it. Enlightening on many subjects, but in no way ponderous. You'll enjoy it. Kenneth is a fine author.
