**Kenneth C. Davis : Don't Know Much About Anything: Everything You Need to Know but Never Learned About People, Places, Events, and More! (Don't Know Much About Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Don't Know Much About Anything: Everything You Need

to Know but Never Learned About People, Places, Events, and More! (Don't Know Much About Series):

0 of 0 people found the following review helpful. gigglesBy Queen Luciathis book is witty in the way that even though it is history it is not the long stretched version. this book goes straight to the facts and nothing more. it is not so much biased to the U.S and that is what i really like because it allows the author to give the larger image of things.0 of 1 people found the following review helpful. have a good memory?By J. W. RobertsI find this book very interesting even fascinating at times, however i only gave 3 stars because unless you have a really good memory you will constantly be flipping to the previous pages because the book is full of quizzes and true or false questions, you have to go to a different page to see the answers. the answer should follow the question not several pages later.23 of 23 people found the following review helpful. Boring, poorly worded, and poorly fact-checkedBy ensiformThis book is a series of quizzes out of context, without any particularly interesting information on any topic. Some of the questions are poorly worded. Some are far too open: "Who was Alexander Hamilton?", for example, instead of, say, "What post did Alexander Hamilton hold?" Some are redundant: "When did the Korean War begin?" reads one beginning question, after the main text plainly states it started in 1950. And some are just too vague. Finally, one question, "How many Americans have walked on the moon?" is answered with "Ten astronauts on five separate Apollo flights." I think you will find that Apollo 11 to Apollo 17, minus 13, makes SIX successful missions, with two astronauts each for a total of TWELVE. There is absolutely no excuse for so blatant and incomprehensible an error in a book by an author of Davis' reputation and a publishing house as well-known as Harper Collins. Don't buy this book. There are a dozen better fact and quiz books out there. But 'On the Top of My Tongue' by David Gentle, or another book. This one is not worth the money.

In his wildly entertaining, wittingly irreverent, New York Times bestselling Don't Know Much About series, author Kenneth C. Davis has amused and edified us with fascinating facts about history, mythology, the Bible, the universe, geography, and the Civil War. Now, the sky's the limit in his latest irresistible installment a grand tour of knowledge that carries us from the Great Smoky Mountains to the Berlin Wall, from the Salem Witch Trials to Watergate, from Michelangelo to Houdini. Brimming with busted myths, gripping true stories, and peculiar particulars about a plethora of people, places, and events, this captivating compendium is guaranteed to delight information lovers everywhere as it feeds our insatiable appetite to know everything!

About the Author Kenneth C. Davis is the New York Times bestselling author of *A Nation Rising*; *America's Hidden History*; and *Don't Know Much About History*, which spent thirty-five consecutive weeks on the New York Times bestseller list, sold more than 1.6 million copies, and gave rise to his phenomenal Don't Know Much About series for adults and children. A resident of New York City and Dorset, Vermont, Davis frequently appears on national television and radio and has been a commentator on NPR's *All Things Considered*. He blogs regularly at [www.dontknowmuch.com](http://www.dontknowmuch.com).
