**Michael Knight, Alex Musa : Donkey Kong Country Returns 3D: Prima Official Game Guide (Prima Official Game Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Donkey Kong Country Returns 3D: Prima Official Game Guide (Prima Official Game Guides):

But it has gotten a second light with a release of the game expanded for the Nintendo 3DS. But with a new game, comes a different strategy guide. The Donkey Kong Country Returns 3D strategy works mostly well. The game shows the maps better than most of the prior guides that have been made for Nintendo 3DS titles. The guide gives details about the control as

a must, considering that the game didn't include actual guidelines of controlling Donkey Kong and Diddy Kong. What I do wish though is the maps could have been a bit easier in detail unlike the one for the Nintendo Wii. Nevertheless, this is a must buy for anyone that has bought Donkey Kong Country Returns 3D. Wonderful Guide for Donkey Kong Country Returns By GrannyD Thanks to this book my grandchildren think I am a gameboy whiz! I actually keep the book here in my home and lend it out to the grandchildren when they need help, that way they know to use it and return it in good condition. A really good guide that every child loves and every grandparent can use also.

Donkey Kong Country Returns 3D Prima Official Game Guide includes: Labeled maps for all levels Locations revealed for each hidden item Tips on how to defeat each enemy in the game Details on how to unlock all the secrets
