From Brand: Thunder Bay Press : Doodle Yourself Smart . . . Geometry (Doodle Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doodle Yourself Smart . . . Geometry (Doodle Books):

7 of 7 people found the following review helpful. Not really what I expected. By ElevenofusWell, I really wanted to love this. Geometry is so interesting. I expected this to be more drawing. A lot of the problems were going to just be doodling numbers. You will need to know Geometry to do this book. It does not explain things. 4 of 4 people found the following review helpful. I expected this to be kid friendly. This is ... By Dutchess I expected this to be kid friendly. This is geared more for older teenage children (high school level) and adults. 3 of 3 people found the following review helpful. Three Stars By mother of 2 girlsharder than expected for my advanced math students
