But now I am grateful for those blank pages. They can be used to record notes or thoughts, or the pages can be removed after connecting the dots and possibly coloring the pictures, and then used as stationery. Also, the pictures can be displayed without "sacrificing" another picture on the back.This was a gift, so I didn't use the book myself. However, I flipped through the book to get an idea of whether it would be too easy (childish) for the young adult recipient, and it looked like there was plenty of complexity for an adult to enjoy the book.4 of 4 people found the following review helpful. And once you've solved the puzzles the graphics are terrific. I highly recommend this bookBy Emily SpitzerBoth calming and challenging. Interesting that

something from my childhood can resonate so much now. And once you've solved the puzzles the graphics are terrific. I highly recommend this book. 0 of 0 people found the following review helpful. Extreme dot-to-dots are fun and relaxing for me. By Kim Katir. Extreme dot-to-dots are fun and relaxing for me. The pictures so far have been varied which I enjoy. I was sort of sad that the lines you draw often go through the numbers and sometimes cross back across previous lines. I think I am just spoiled by my other dot-to-dot book though. The book and paper is high quality. It would have been fun if the pages were perforated so they could tear out easily if you wanted.

Your favorite childhood activity has grown up. Discover dot-to-dots like you've never seen before. These 31 puzzles are intricate and complex, and will keep you guessing from number 1 all the way up to 500. Watch as the lines transform into playful kittens and ferocious felines. Fun for all ages, these puzzles will also promote concentration, relaxation, and mindfulness. So grab your pencils and feel the stress melt away as you bring these playful scenes to life!
