I good book for a fifth grader who has no idea what Blackjack is. If you have ever played a hand, this book is not for you.1 of 1 people found the following review helpful. Easy ReadBy EddieInformative easy start to playing blackjack for the beginner. The best part is the basic strategy and the 3 situations to use the strategies. Also gives an introduction into card counting. Using the blackjack basic and card counting strategy will help anyone beat the dealer in any casino.

Get up and playing like an expert quickly with Double Down Blackjack. This quick and uncomplicated approach to the exciting game of blackjack uncovers the rules of game and reveals simple methods to beat the dealer and win. The game of blackjack is perhaps the only casino game in which the player has the advantage over the house. That advantage, however, can be squandered by bad decision making. The key to playing blackjack successfully is to minimize luck with sound and basic betting principles. With a basic understanding of odds and card counting any one can walk away with the casino's money.
