Jim Priebe : Double Elimination: A Bridge Mystery before purchasing it in order to gauge whether or not it would be worth my time, and all praised Double Elimination: A Bridge Mystery:

0 of 0 people found the following review helpful. A few of my favorite things By Dawn I enjoy cozy mysteries and it incorporated 2 of my personal activities: the game of bridge and corporate bond investments. You don't have to know about either one to enjoy the book, in which case, it would probably be a 4-star. Held my attention. I have read all 3 of the author's book in the series and this is my favorite. I enjoyed the first one except they wrapped it up too easily at the

end and the third one I cared for not so much for many reasons given in that review.0 of 0 people found the following review helpful. Entertaining mystery novelBy CustomerThis is an entertaining fair-play police procedural. The police detective, victims and suspects are all bridge players, but the game of bridge does not play a big role in this book. No bridge hands, no bridge tips or other lessons. You don't have to be a bridge player to enjoy it. Good mystery novel.0 of 0 people found the following review helpful. Not what you might expectBy Michail ChourdakisThis book looks interesting all right, but I wasn't impressed by the plot and there is not that much bridge activity, no matter what you might originally suspect.If you are looking for a bridge book, this one is not highly recommended.

Art Fraser, the bridge-playing cop who made his debut in 'Takeout Double' is faced with another mystery. Dead bodies are piling up in a country cottage and once again bridge seems to be an intrinsic part of the case. However, Detective Fraser has problems in her personal life too.
