Prima Development : Driver 2 (Prima's Official Strategy Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Driver 2 (Prima's Official Strategy Guide):

0 of 0 people found the following review helpful. Fine guide with some error thingiesBy Lasse PalinSo I got this guide out of interest, what kind of errors are there? Let me tell you, there are some errors, but not big ones.So this guide lists controls, strategies, reviews menus, reviews Driving Games, reviews all them missions and then shows secrets. In this order. There are images but they are almost always cropped (without ruining the AR) for some reason. They also show that this guide is based on some earlier version which may explain some errors (or is it the NTSC version - PAL version? US guide imported to EU region?!) and stuff.There are errors with controls straight out, tips are great, menu review is fine, Driving Games section has images differing from the final game, mission walkthrough is fine to the Disc change point. From there onwards, there are a lot of errors with how much time you have. Also this guide makes it seem like the chase missions have only one possible route thingy. Seems like the final mission contains one terrible error and some mission names are also incorrect. A few words about the walkthroughs: there's a map which shows the

"best route" and a few images showing start, finish and a few key points of the mission with descriptions. It kind of annoys me, but then again, the traffic and stuff is pretty much random, so. Secrets are correct (!). Looking at the credit section it looks like the game development crew has approved this guide. Even with errors it guides you through the game and shows you interesting things. Buy it if you want to amuse yourself with errors if you have played it a lot or if you found the game and you are stuck.

Tanner is back in the sequel to the huge hit Driver in Driver 2 for the PlayStation. Driver 2: Prima's Official Strategy Guide will also be a huge hit with tactics and tips to help get you through each mission and beat the bad guys, including: Useful tips for each of the 38 new missions Detailed maps of Chicago, Las Vegas, Rio de Janeiro, and Havana that highlight car locations and shortcuts All cheats and secrets Killer hints for avoiding the cops Powerful tips and tactics for all four new two-player modes

Can you take down Solomon Caine and prevent an all-out mob war? From the Back Cover Can you take down Solomon Caine and prevent an all-out mob war?
