Lissa Soep, Vivian Chavez : Drop That Knowledge: Youth Radio Stories before purchasing it in order to gage whether or not it would be worth my time, and all praised Drop That Knowledge: Youth Radio Stories:

0 of 0 people found the following review helpful. Five StarsBy ShnataGood book recommended to read1 of 1 people found the following review helpful. An essential read for students of youth cultureBy Joy HartnettThis is a wonderfully written and organized look at an amazing organization and the young people who make it sing. Next time you have doubts about youth today, pick up this book and rejoice.

This is the first book to take us inside Youth Radio for a fascinating, behind-the-scenes look at a unique, Peabody Award-winning organization that produces distinctive content for outlets from National Public Radio to YouTube. Young people come to Youth Radio, headquartered in Oakland, California, from under-resourced public schools and neighborhoods in order to produce media that will transform both their own lives and the world around them. *Drop That Knowledge* weaves their compelling personal stories into a fresh framework for understanding the relationship between media, learning, and youth culture at a moment when all three spheres are undergoing dramatic change. The book emphasizes what is innovative and exciting in youth culture and offers concrete strategies for engaging and collaborating with diverse groups of young people on real-world initiatives in a range of settings, online and in real life.

A good read for journalists, writers and media junkies.
