**Wizards Team : Dungeon Master's Guide: Special Edition (Dungeon Dragons d20 3.5 Fantasy Roleplaying)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dungeon Master's Guide: Special Edition (Dungeon Dragons d20 3.5 Fantasy Roleplaying):

5 of 5 people found the following review helpful. fantastic By Jonathan Longstaff I am most pleased with this book. The faux leather cover is just so cool, and it's so nice to have all but the most recent errata corrected in the book

already. I didn't mind having to separate each page when I first got it -- as someone else said, it just proves you really are the first person to open the book. DD 3.5 is all about choices. Fans of older versions might not like it for various reasons, but that's ok. 3.5 has been designed with the next generation in mind -- it's simple, straight-forward, and endlessly customizable (thus giving it much broader appeal than previous versions). If you prefer the more restrictive and sometimes confusing rules of the older versions, don't play this game. You can still find older edition stuff secondhand. My only real complaint is with the quality of WOTC's illustrations. They just aren't as good as the ones from 2nd edition. Those were truly reflective of 'epic fantasy', especially the full-page pics ... but the 3.5 pics are all fairly cartoonish, and some are downright silly. My guess is that WOTC couldn't afford to employ TSR's artists. (As a side note, the .com image of the cover really doesn't do it justice. This book is actually black with silver -- the image here makes it look rather bland and grey.) If you're like me and don't want to have to pencil in all the changes to the rules, get this copy. It's cheap enough here at . Otherwise, go for the regular version of the DMG. Maybe WOTC will release the SE printing in a regular cover soon like they did with the player's handbook.

By JavaDragon I bought this product 6 years ago and it is still in great condition. They made this book really well. I just wished other gaming companies offered up books like this because if they did, I would definitely buy them.

1 of 1 people found the following review helpful. AMAZING BOOK  
By applemacguy This book couldnt be better, the leather binding is immaculate although it was not real leather, i love the silver gilding and the book itself looks amazing in my DD book collection.

A deluxe, leather-bound version of the essential tool every DD Dungeon Master needs. The follow-up to the special edition Players Handbook released in 2004 for the 30th anniversary of DD, this special release of the Dungeon Masters Guide features an embossed, leather-bound cover and premium, gilt-edged paper.
