If you are hoping to have all three pieces that are on the "Marie Antoinette" soundtrack (17, 23, 36), it has 17 and 23, but is missing Opus 36. Too bad. 0 of 0 people found the following review helpful. Ringing the Tlingling By L F One of the ultimate pure piano albums, incredible mastering and straight on sound from the instrument. Makes this a deeply soulful album, does that work saying soulful for a piano? This has soul! It's a ringing bell from an old church tower reverberating over the countryside waking up the tingling sensations for all keyboard lovers. Get comfortable for a close and personal listen or turn up the volume so it fill your house and play

this album. It's is minimalism perfection right up there with Ludovico Einaudi and Philip Glass. 5/5 for sure. 1 of 1 people found the following review helpful. NiceBy SephethusI love going through this book. I'm most of the way through it having learned each and every piece. It's a confidence booster because the pieces are lovely yet easy to learn. They really have helped me speed up my sight reading and the length of time it takes me to learn a piece has gone down considerably. This is the perfect level for a 4th or 5th year who's 41.

This piano songbook includes all the pieces from Volumes 1 2 of Dustin O'Halloran's Piano Solos , printed together for the first time in authentic arrangements.
