From MMO : Dvorak Cello Concerto In B Minor Op104 Book And 2 CD Set before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dvorak Cello Concerto In B Minor Op104 Book And 2 CD Set:

1 of 1 people found the following review helpful. Not bad By DrSpock This set is overall just ok. It comes with two CDs, one with the full version including soloist, the other with two versions--one at "normal" tempo and the other at -20% tempo for practice, both are without soloist. Unfortunately, the performance with soloist (Lawson) is somewhat tepid, although I am accustomed to Rostropovich. So I would definitely NOT use this performance as a standard. The other negative is the quality of the accompaniment, which is in places very poor, particularly in the -20% section. It is clear that MMO simply slowed the recording down and digitally enhanced to maintain the pitch, which leaves some

distortion behind. Again, this is really not that big of a deal, as the goal here is to use that as a practice tempo until technique is up to par. Apart from these criticisms, MMO did a great job dividing this great concerto at appropriate places for practical purposes--on the CDs, each movement is divided in a few locations for ease of navigation while learning. These divisions are appropriately placed and marked in the sheet music as well. Another nice feature is tapping with tempo changes--the conductor taps out a few beats with each change in tempo, which is very nice for practice. Overall, not a bad product, though it probably costs a bit more than it's worth.

Performed by Dorothy Lawson, violoncello Accompaniment: Stuttgart Symphony Orchestra Conductor: Emil Kahn Dvorak's famed violoncello concerto, one of the treasured masterpieces of cello repertoire, was inspired by famed cellist/composer Victor Herbert's own violoncello concerti. An absolute must for any serious cellist, and for anyone who loves beautiful music in the Romantic idiom. Sumptuous orchestrations in Dvorak's trademark style, long lyrical lines and beautiful use of the instrument's upper ranges. Wonderful for performer and audience alike. Includes a high-quality printed music score and two compact discs containing a complete performance with soloist; then a second version with the orchestral accompaniment, minus you, the soloist.

About the Author Helping educate musicians since 1950, Music Minus One provides performers at every skill level, an easy way to study, rehearse and perform with professional musicians in the comfort of their own homes. Offering compact discs with accompanying solo music parts from world-renowned soloists, Music Minus One albums offer a superb practice experience. We have assembled some of the most sought-after concert-pieces and duets in the easier repertoire, both with piano and with orchestral accompaniments.
