I picked up the recorder again after a long time and have been playing several months. The first song is very easy and some I haven't attempted yet like one with 5 flats but that is the exception- most only have 2 flats. No sixteenth notes. The songs are interesting enough and present some

challenge but not overwhelming. I'm happy I bought this book. 8 of 8 people found the following review helpful. Nice collection of beginner songs
By Rae Crothers This is a short book, but it has a good collection of beginner songs for the alto (F) recorder, with increasing difficulty. This is not a beginner book in the sense that it assumes you already know the fingerings.
