It goes up above the staff and has too many long phrases to really be easy.When I read through it I suspected this book was not written by a horn player. If you search on the author's name you'll find he has written books on guitar and ukelele.Is it worth 10 bucks with free shipping? Eh.0 of 0 people found the following

review helpful. Easy and good practice for re-beginners!By GHAfter 50 years without playing, I needed a slow intro when I picked my horn back up. It's ALMOST slow enough, but it's not the fault of the author that I am so out of practice. The pieces are simple and recognizable, and I hope will get me back where I need to be so I can at least join the local community orchestra!0 of 0 people found the following review helpful. Great for beginners!By Peter KissThis book is perfect for dedicated beginners in the french horn! It has some songs that you will most definitely recognize like Vivaldi's Spring. You feel like you accomplish something when playing most songs from the book but be warned. You need to be pretty skilled so about a year of practice or if you practice a lot then at minimum one-half year.

This collection features a selection of classical pieces by the world's most renowned composers: Johann Sebastian Bach, George Frideric Handel, Johannes Pachelbel, Antonio Vivaldi, Wolfgang Amadeus Mozart, Ludwig van Beethoven, Richard Wagner, Johannes Brahms, Johann Strauss, Pyotr Tchaikovsky, Giuseppe Verdi, Edvard Grieg and Edward Elgar. For the beginnner intermediate French Horn player. Includes: 1812 Overture A Little Night Music The Blue Danube Bridal Chorus Canon in D Dance of the Flowers Greensleeves In the Hall of the Mountain King Jesu, Joy Of Man Desiring La Donna Mobile Land of Hope and Glory Lullaby Ode to Joy Spring - Four Seasons Water Music
