Everything the title saysBy Anton PosterNo, this does not make you sound like you are playing a multiple voice baroque piece nor an intricate romantic instrument ensemble. That's not going to happen with the words "Easy" and "Solo" in the title. But the way this book is a wonderful tool is that the

pieces have the beauty of classical music and the choices are FUN. You WILL feel accomplished, entertained and entertaining with playing from this book. And you will enjoy your Uke, too! 2 of 2 people found the following review helpful. Really nice collection of classical tunes at many different levels. By Tom H For a beginner-intermediate ukulele player, the selections and arrangements in this book are pretty darned good. There's both notes and ukulele TAB for each piece, which makes playing and learning the notes much easier. Individual pieces vary from easy ("Ode to Joy") through a bit tricky ("Greensleeves") to more challenging ("Jesu Joy of Man's Desire"). I'm finding that working on music from this book is building my uke-coordination, and helping my left hand get used to the whole fretboard. [I've been playing uke for about 2-3 months now, but have experience decades ago with keyboards and a guitar.] 17 of 17 people found the following review helpful. Great for beginners. By Craig Estep This book contains a good selection of songs with easy to play tabs. I'm a beginner and I was able to quickly learn to play several songs. The arrangements were simple enough to learn, but still had a very pleasant sound. I wish there were more books like this one.
