I handed her the book and she went through the first 15 pages in about 45 minutes. She devoured it and said over and over....."I love this". She was so proud of being able to complete each page and her confidence grew with each one. I was impressed that she was able to complete them at all. We will be ordering another book very soon. Highly recommend this for loved ones with Dementia.3 of 3 people found the following review helpful.
