Great beginner Sudoku book.By Julie DougI purchased this book for my Granddaughter. She caught on to the process of Sudoku puzzles quickly by using this book to solve easy puzzles first. This book has very easy puzzles that allow her to practice the process that she then could apply to more difficult puzzles. It was exactly what I had hoped it would be for her. Wonderful first puzzle book.2 of 2 people found the following review helpful. easy kids' sudoku puzzles (v1)By S.
