She just completed 8th. She doesn't take private lessons, but she is wanting to learn to play other songs. I gave this to her as a gift and she loves it so far! They are easy enough for her to sight read and play well with practice, but sound like the actual song so others can recognize what it is. Which is sometimes difficult for the cello since it rarely plays the melody (at least in orchestra their music doesn't).0 of 0 people found the following review helpful. Five StarsBy Kellie HewittEasy to read for the beginning cellist. My 12 year old loved the book.1 of 1 people found the following review helpful. Fun for my sonBy RLMDMy son loves this book. It was fun for him to have songs he recognizes to play. He has played the cello about 3 years now,

just in school, no private lessons and the book seems to be about right for him.
