Says there is a CD, but it's just a link to a download..By ErinOne star because it's a misleading description. I bought this as a gift, and it said there was a book and a cd. There was a link in the book to where you could go for a download. If you say there is a CD, that's an actual, physical compact disc. I only got half of what I paid for.1 of 1 people found the following review helpful. Good old SongsBy Tryphena HoverI have found these songs to be easy as described and very doable. The selections themselves are in English and supporting accompaniment is very predictable and easy. Depending on the student, they may not be as appealing as one would like.

(Vocal Collection). This series was designed to supplement traditional vocal instruction and works perfectly as preparatory literature for The First Book of Solos and The First Book of Solos Part II . Each piece is in English and has a limited vocal range as well as a piano accompaniment that is playable by a student pianist. The pieces include art songs, folksongs, humorous songs, and suitable vintage popular songs and are all appropriate for contest solos. The book includes a code for professionally-recorded accompaniments available online for download or streaming. Mezzo-Soprano Contents: At Parting (Rogers) Early One Morning (arr.
