work well for sudoku but going from 1,2,3,4,5,6,7,8,9 made sense but I found at times I had to guess. Will anyone else admit they guess? 1 of 1 people found the following review helpful. Excellent for Beginners! By Daria I love this book! It is perfect for someone who is new to Sudoku and may not be comfortable with logic and numbers. The author provides very thorough grounding in how to approach solving these puzzles. Yes, some of the puzzles are extremely simple. If you are looking for a confidence booster, this is the book to buy! 0 of 0 people found the following review helpful. Five Stars By Rita Martin Just my pace.
