Christopher Douglas, Andrew Nickolds : Ed Reardon's Week: Series 9: Six Episodes of the BBC Radio 4 Sitcom before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ed Reardon's Week: Series 9: Six Episodes of the BBC Radio 4 Sitcom:

The complete Series 9 of the popular BBC Radio 4 comedy, starring Christopher Douglas as Ed Reardon. Ed Reardon, "the curmudgeons curmudgeon," leads us through the ups and downs of his week in this ninth series of the award-winning radio sitcom, written by Christopher Douglas and Andrew Nickolds. In these six episodes, Ed writes a personal statement and applies for a proper job, finds himself becoming the oldest intern in town (and sharing an office with Ping), and pens a script for Jaz Milvain's latest movie. In addition, he enrolls in a clinical trial, takes up a professorship at a prestigious writing retreat, and shows off his general knowledge in a radio quiz. As he continues his quest for literary success, Ed must draw on all his talents as a freelancer and freeloader to keep body and soul together (and trusty companion Elgar in "Value" catfood). But is his luck changing at last? Christopher Douglas stars as Ed, with Jenny Agutter, Stephanie Cole, Philip Jackson, Alison Steadman, Barunka O'Shaughnessy, and Geoffrey Whitehead.

"Ed Reardon, sublime creation of Andrew Nickolds and Christopher Douglas, is already well-established as a comic hero. His eighth series of adventures . . . is turning him into a national treasure." Daily Telegraph
