**Nancy Green : Edouard Lalo - Violoncello Concerto in D minor** before purchasing it in order to gage whether or not it would be worth my time, and all praised Edouard Lalo - Violoncello Concerto in D minor:

(Music Minus One). This book/CD pack features a CD with the complete performance of Lalo's Cello Concerto written in 1876 in digital stereo, plus a second digital stereo version of the concerto minus the soloist, indexed for ease of practice and performance. It also includes an authoritative performance edition of the solo part, newly engraved and

printed on high-quality ivory paper.
