SanbeckThis game guide is one of the best that i have seen yet for chrono trigger...though the cover isnt very flashy it is after all what is inside that counts. With this guide you wont have to worry about getting lost in that annoying dungeon or get defeated by that darn nasty boss and have to keep reloading your game. not only that but with this guide you will be able to complete all 11 alternat endings of the game. yes it may seem like a lot of work but it is worth it everytime, trust me. rest assured this guide will bring you to

the top of your game. 5 of 6 people found the following review helpful. Chrono Trigger walkthrough

I strongly think that this book is useful and helpful for both of the games that it covers. If you need help in either or both games, I suggest that you get this book or figure things out on your own. This book covers everything the games have to offer. Also, this book not only covers one game, but both games that are packaged together.

BradyGames FINAL FANTASY CHRONICLES Official Strategy Guide contains complete walkthroughs of both FINAL FANTASY IV and Chrono Trigger games, including area maps, bestiaries, and boss strategies. Comprehensive weapon, armor, and accessory lists for both games. The Chrono Trigger section covers tech and magic lists along with secrets and tips to access every ending. The FINAL FANTASY IV section covers character classes, bestiaries, and locations of key items.
