**Tom Leykis : Leykis 101** before purchasing it in order to gage whether or not it would be worth my time, and all praised Leykis 101:

Tom Leykis is a syndicated radio personality who has been teaching an on-air radio call-in course called Leykis 101 for almost two decades. The course promises to teach men "how to get laid without wasting time, money, or energy on chicks who may never get in the sack" and to teach women "how men think." The course has evolved beyond simple

pickup techniques into an accompanying world view, an in-depth look at the social conditions and gender wars that led to the need for today's Tenets of Leykis 101. Both educational and hilarious, this is required reading for single and married men.
