A funny and interesting bookBy CustomerA funny and interesting book. This book was not too different to Michael McIntyre on stage and I enjoyed it very much. He decided to remove what he had written about his life after he had

become famous but I would have imagined that he would be able to get into scrapes and awkward situations even when famous- we all have a knack for things like that, but some more than others. 0 of 0 people found the following review helpful. Lots of humor as well as some tragedy in this ...By Concetta O'neal Lots of humor as well as some tragedy in this book, as Michael tells his story...but mainly is inspirational, because Michael never gives up his dream of becoming a comedian. Michael keeps you laughing, as well as almost crying, as his life unfolds, towards his ultimate goal. Well done, Michael!
