**Ed Andreychuk : Louis L'amour on Film and Television** before purchasing it in order to gage whether or not it would be worth my time, and all praised Louis L'amour on Film and Television:

This reference work presents useful information for every known film and television episode drawn from a Louis L'Amour work. Covering over 36 films and episodes, chronologically arranged entries include production information, cast, credits, a synopsis, a description of the L'Amour source used, and the author's commentary. Also included are a

brief biography of L'Amour, numerous photographs, and an extensive bibliography.
