Most Romantic Gift Ever!By John BowmanI gave my girlfriend this book and local raw hunney (to help with her allergies) and she was more blown away than words can describe! She loves the book so much she keeps it in her night stand next to her bed.For me, this book, brings back childhood memories, but not for her. So I didn't know if it would have that great of an impact on her, but it sure did.Additionally, the red on the cover is a sexy satiny material which adds to the romance level.Great for a situation where you're at the point it's only scary to say "I Love You" but haven't worked up the nerves yet.0 of 0 people found the following review helpful. nostalgic gemBy GiftLadies comI bought this for my Mom who I remember loved this comic strip when I was a teen. Nice trip down memory lane and interesting information about cartoonist.

Timely and universal, everyone from your grandma to your teenage daughter knows that love is...a wild ride! Abrams is pleased to offer this second book of Kim Casali's beloved Love is... cartoons, first published in 1970, to a whole new generation. What began as Kim's private love notes to her husband became, throughout the 1970s and '80s, an internationally syndicated cartoon and pop culture icon. Love is...a wild ride contains the original romantic story behind this phenomenon and 365 more cartoons. This book features one of the most currently popular images (the Love is...couple on an "easy rider" motorcycle) and glossy flower-power design on the die-cut front cover, plus psychedelic-inspired endpapers. Just in time for Valentine's Day and the perfect gift for a loved one!

About the AuthorThe Love is... phenomenon began in the 1960s in the heart of artist Kim Casali. Kim created these little "love notes" to express her feelings for Roberto, the man she would eventually marry. She left her drawings for him everywhere, in the pocket of his jeans, under his pillow, on the seat of his car, and even in his sock drawer. Unbeknownst to her, Roberto kept each and every one of them. Believing his wife's drawings to be something very special, he decided to show them to someone in the syndication business who agreed that their heartfelt message should be made public. The first Love is... cartoon was published in the Los Angeles Times on January 5, 1970, where it's appeared ever since.
