I used it as an alternative to a Valentine's day card, and my SO loved reading it with me.1 of 1 people found the following review helpful. A Hilarious Book!By Dad of DivasThis was a hilarious book. I read through it once and laughed all the way through it and when I got to the end I read it again. Then I started sharing the sentiments with my wife and she too laughed (at most of the sentiments - she rolled her eyes at some too). This is a great book to give as a gift or simply to have around the house for others to read, as it is funny and a quick read!*I received a copy for review - all opinions are my own*

A hilarious collection of ways to tell your special someone that they're totally the cat's meow. Waldo Pancake is loved by millions for his bestselling merchandisefeaturing hilariously sarcastic, arrestingly poignant messages characterized by his own special brand of humor. This beautifully designed little book is affectionate yet witty, and perfect for those who are seeking a gift for that special person but don't want to pile on the mush. Sentiments include: I only have eyes for you. And TV. You had me at whatever it was you just said. When I put my arm around you, sometimes it's to rest my arm.

"This was a hilarious book!" - Dad of Divas
