I just wish someone would update them.0 of 0 people found the following review helpful. Beautiful MapsBy Gina RippensI love these maps. Highlight great sites, give an accurate idea of distance, and become souvenirs when you are finished. I've used these maps in NYC, Boston, Paris, Amsterdam, and London. I have never been disappointed or lost for that matter. I even plan on framing my Paris map. I found the maps that came with my travel guides hard to use and used MapEasy instead. Made planning fun and easy!
