Marine Boy: Undersea AdventureBy MichaelThis was a very informative book. This was the best cartoon back in the day. They just don't make them like this anymore.

Remember Marine Boy and his dolphin Splasher? Neptina the Mermaid? How about the P-1? They are all here in this complete guide to the classic cartoon series Marine Boy! Including an episode guide to the English language version and a complete Japanese title guide as well, done by the amazing August Ragone! The late Peter Fernandez was interviewed for the book as well and provides some interesting insights to both the production of the series and how

they helped create it. Have some Oxy-gum and dive into Undersea Adventure!
