Five StarsBy Leonardhughesone hell of a deal on this one great price great book.2 of 2 people found the following review helpful. the bookBy Damien Thornlike the companion book to bram stoker's dracula, this book has pictures from the film and its set and costumes designs and the photos of the make-up in process. it also has the screenplay from the film with pictures to go along with the film. this is a perfect book for those who want a book on the film, the making of it, the screenplay and the story behind it and the story of its creator

and other stories involving frankenstein. 1 of 5 people found the following review helpful. GOOD GORE! By A Customer  
The story by Mary Shelling has made another big screen debut almost 60 years later than the original one. They movies about the same old frankenstein getting loose in the village and terrorizing everyone only this is 20 times more gory! Changed a little bit for the better but all the same a great horror movie. Frankenstein doesn't have the bolts coming out of his neck. Rated R: for graphic violence

Includes the complete script; stunning production stills; an exclusvie introduction and special chapter on the making of the film written by Branagh; behind-the-scene details on special effects, makeup, production design, casting, a bio of Mary Shelley and essay about the horror genre in literature and film by scholar Leonard Wolf. 185 illustrations, 80 in color. The Newmarket Pictorial Moviebooks, official companions to films, large format (8 3/8 x 10 7/8), heavily illustrated throughout, with color photographs, details on the making of the film, background on the filmmakers and cast.

Newmarket's pictorial moviebook is quite interesting, with not only the film's screenplay and photos, but also a thoughtful director's note by Branagh himself, and an introduction into Shelley. -- American Bookseller  
About the Author  
Kenneth Branagh, was already a celebrated stage actor when, in 1988, he made his debut as a film director with Henry V; among other films he has directed are Dead Again, Peter's Friends, Much Ado About Nothing, Mary Shelley's Frankenstein, In Bleak Midwinter, Hamlet, and Love's Labour's Lost; as a performer he has been seen in Conspiracy, Celebrity, and Harry Potter and the Chamber of Secrets.
