**St Martin's Press, David Jacobs : Me, Myself, Irene** before purchasing it in order to gage whether or not it would be worth my time, and all praised Me, Myself, Irene:

1 of 2 people found the following review helpful. a comedy with insanity By A Customer me myself and irene is a

comedy with insanity. Me, Myself, and Irene is a book with a great deal of comedy. The book is about a man who inherits two personalities from holding his anger in and not dealing with it. He falls in love with Irene, whom he runs away from and gets himself involved. His two personalities add a new twist to this comedy although at times it is just too much to handle. I recommend this comedy to anyone with great imagination and is in it for a good laugh. 5 of 6 people found the following review helpful. Funny, but not Flawless By A Customer This book was funny. And that is perhaps the only good thing about it. The book was easy to get into I found myself on page 60 within what seemed like minutes I had so much fun reading it. But after that the jokes seemed to fall flat. The jokes after a while seemed aimed for a pre-teen audience. If you're 13 and enjoy chicken-up-the-rear humor then this book is for you. But for the mature reader steer clear and just see the movie. 0 of 4 people found the following review helpful. a comedy with insanity By A Customer me myself and irene is a comedy with insanity. me myself and irene is a book with a great deal of comedy. the book is about a man who inherits two personalities from holding his anger in and not dealing with it. he falls in love with irene, whom he runs away from and gets himself involved. his two personalities add a new twist to this comedy although at times it is just too much to handle. i recommend this comedy to anyone with great imagination and is in it for a good laugh.
