**Susan Tyler Eastman, Douglas A. Ferguson : Media Programming: Strategies and Practices** before purchasing it in order to gage whether or not it would be worth my time, and all praised Media Programming: Strategies and Practices:

0 of 0 people found the following review helpful. The book was in great condition. It helps my daughter complete all of ...By Charlene MontgomeryThe book was in great condition. It helps my daughter complete all of her writing assignments, so I can say it is serving its purpose.0 of 0 people found the following review helpful. The content is good. I needed this book for an online classBy Stephanie PulaskiThe content is good. I needed this book for an online class. The book itself looked like it was a little waterlogged.2 of 2 people found the following review helpful. Good quality but high priceBy Jingyu Yantoo expensive for renting a used book

Current, relevant, and student-friendly, MEDIA PROGRAMMING delivers the most accurate coverage of the techniques and strategies used in the programming industry today. Reflecting the latest developments from real-world

practice, this market-leading text covers all aspects of media programming for broadcast and cable television, radio, and the Internet with clear illustrations and examples to which you can relate. It offers in-depth coverage of emerging trends, including multiplatform strategies, cross-media, new media, high definition media, new programming strategies, and wireless and pay-per-view media. It explains how programs (units of content) are selected (or not selected), arranged, evaluated and promoted with the need to consider pressures from technology, financing, regulations, policies, and marketing. Covering the latest trends and issues in the industry, MEDIA PROGRAMMING includes practical examples, insight from noted industry authorities, a useful website, and an expanded glossary to reflect the latest trade jargon and practices.

Part I: INTRODUCTION TO PROGRAMMING. 1. A Scaffold for Programmers. Part II: FRAMEWORKS FOR MEDIA PROGRAMMING. 2. Prime-Time Network Strategies. 3. Multichannel Television Strategies. 4.
