I purchased this book in 2011 and have read it four or five times, in part because it has some excellent, film-specific tips -- and I completely disagree with one reviewer here who said he knew everything in the book from being in the corporate world; maybe a book on reading comprehension would better suit that particular commentator. One thing this book isn't about is actually getting that film or television role; it's about how a newbie can avoid some of the pitfalls of their newbie-ness (and some veteran actors might do well to read it as well). It's entertaining, informative, and well-written. (There is an hour long video companion piece to it that really fleshes it out more technically; it's available to watch on Youtube now, although I bought a copy when I bought the book.)0 of 0 people found the following review helpful. FANTASTIC book on acting. Still relevant in 2017!By TylerI never thought I'd be taking advice from Alfred from The Dark Knight trilogy, lol. I'm a young guy so that's where I know Mr. Caine from :)This is a great read for actors looking for knowledge and tips on acting in film. Good for filmmakers, too. Probably requires several read-throughs as you progress during your career in film/television!Highly recommended!0 of 0 people found the following review helpful. Sparse and not what I was expecting at all.By Yuma LakeThis was a cobbled up "book" of bits and pieces -- glad I didn't pay for it, or I'd be howling for a refund. A few fun anecdotes though, so not all was lost.

(Applause Acting Series). A master actor who's appeared in an enormous number of films, starring with everyone from Nicholson to Kermit the Frog, Michael Caine is uniquely qualified to provide his view of making movies. This new revised and expanded edition features great photos throughout, with chapters on: Preparation, In Front of the Camera Before You Shoot, The Take, Characters, Directors, On Being a Star, and much more. "Remarkable material ... A treasure ... I'm not going to be looking at performances quite the same way ... FASCINATING!" Gene Siskel
